

Executive Coaching Services

As organizations are facing unprecedented change and complexity, it is essential that key stakeholders and executive leaders engage in professional development to respond to the market demands, adequately develop staff, and reach their individual goals.

At RC Warner Consulting our unique executive coaching services will provide a safe space to discuss your diversity and leadership challenges, develop your cultural awareness, and help you create a culture of inclusion within the workplace. We use a multidimensional approach that intersects leadership, diversity, and wellness principles to accelerate meaningful change. We utilize empirically-driven research coaching models, in combination with our expertise to maximize your potential and growth.

Benefits of Coaching

- Boost motivation
- Accelerate emotional intelligence
- Enhance leadership abilities
- Improve insight into unconscious bias
- Develop strategic goals and measure progress

Coaching Areas of Focus

- Equity in the Workplace
- Cultural Awareness
- Diversity Action Planning and Execution
- Talent Acquisition
- Leadership Development and Assessment
- Self-Care and Expectation Management
- Anti-racism Development

Our Coaching Sessions

The coach and the executive/client connect regularly to strategize and discuss progress related to the areas of focus listed above. Coaching meetings are structured and typically take place weekly or bi-weekly for 3-10 sessions, 30 to 60 minutes each. The role of the coach is to act as a catalyst to promote growth and change.
